

TECHNICAL DATA SHEET

Econo-Purge Purging Compound 473-50, 473-1500

Product Description

Econo-Purge quickly, economically and effectively removes old resin and color residue in extrusion, injection and blow molding operations. With operating temperatures of 330° - 610°F, Econo-Purge also works on hot runners and thoroughly purges manifolds with gates as small as 30 thousandths. Compared to competitive compounds, Econo-Purge emits little if any odor during purging.

Applications

Purging Compound

Unit Package Description

50 pound box

Generic Description

Purging Compound
